PROFESSIONAL SUMMARY

I am a Mechanical Power Engineering student at Helwan University with hands-on experience in MEP systems, mechanical design, and power plants. Skilled in Revit, AutoCAD, Ansys, and SolidWorks. Eager to apply technical and problem-solving skills in professional engineering environments.

EDUCATION

Helwan University - Faculty of Engineering (Matariya Branch), <i>Bachelor of Science in Mechanical Power Engineering</i> Grade: very good ,Expected graduation date: July 2026	2021 – Present Cairo, Egypt
---	--------------------------------

INTERNSHIPS & COURSES

ENGX Company, (MEP Diploma) • HVAC system design • Plumbing systems. • Firefighting systems • Load calculations & equipment selection.	07/2025 – Present Remote
---	-----------------------------

EMS Experts (Consulting Office) • Worked on internal MEP projects (HVAC, Firefighting, Plumbing) • Used Revit and AutoCAD for design and coordination • Conducted plumbing fixture unit analysis and hydraulic load calculations for a real-life project. • Converted Fixture Units (FU) into flow rates (GPM) for domestic water demand estimation. • Assisted in preliminary pump sizing and selection based on calculated system flow requirements.	07/2025 – 08/2025 Remote
---	-----------------------------

Eng.X Grade: Excellent (97.3%) • Gained proficiency in AutoCAD for designing MEP (Mechanical and Plumbing) systems. • Learned to use Revit for creating detailed 3D models of HVAC, plumbing, and fire fighting systems. • Mastered AutoFluid for precise calculation and design networks in HVAC, plumbing, and fire fighting systems. • Utilized Enscape for real-time visualization of MEP system designs.	07/2024 – 09/2024
---	-------------------

Ammunition and Weapons Factory 27 • Operated CNC machines and observed electrostatic coating processes • Gained knowledge about motor systems and ammunition production	08/2024 – 09/2024 Remote
--	-----------------------------

Nissan (Xpress) • Assisted as Service Reception Engineer and Warranty Engineer • Supported workshop operations (mechanical & electrical)	07/2024 – 08/2024 Remote
---	-----------------------------

Cairo Electricity Production Company

08/2023 – 08/2023

- Observed gas and steam turbine operations
- Studied thermodynamic cycles, compressors, and station components

Remote

The Arab Contractors

07/2023 – 08/2023

- Participated in diesel and gas engine maintenance and diagnostics

Remote

TRAINING & VOLUNTEERING EXPERIENCE

Union of students

2022 – Present

Triple S, Logistics Team Member

2022 – 2023

Enjad, Operation Member

2022 – 2023

TECHNICAL SKILLS

- | | |
|--------------|---------|
| • AutoCAD | • Revit |
| • SolidWorks | • Ansys |

PERSONAL SKILLS

- | | |
|------------------------|-------------------|
| • Communication Skills | • Teamwork |
| • Interpersonal Skills | • Creativity |
| • Multitasking | • Problem Solving |
| • Time Management | • Work Ethic |
| • Attention to Detail | |
